

Mathematics

The secondary students have made a great start to the new academic year in mathematics.

The new year seven class have started their key stage 3 studies and have been using these sites to help their understanding...

The year 9 students have started studying the Cambridge IGCSE course and the A level students are studying statistics and pure mathematics

On the following pages you can find out more about Century Tech and about the German Math Olympiad

What is Century Tech?

You may have heard the students mentioning century tech. It is a home learning platform which has been shown to improve results. It has been purchased for the eleven Braeburn schools.

It is an artificial intelligence platform which accurately pinpoints a students gaps in knowledge or weaker areas in a subject, it then makes a learning pathway of nuggets (mini lessons) individualised for each student according to their abilities and strengths. It also gives them valuable advice as to how to improve even further.

It is suitable for students in years 7 to 11 and covers mathematics, English, sciences, IGCSE geography and P.E. theory

The students can access the platform using their school email address. If parents want to learn more then go to...

<https://www.century.tech/parents/>

Century tech superstars

Well done to these students who have answered over **200** maths questions with a high success rate in just over a week

Peter Obong'o (Year 11)

Lwise Mlaki (Year 7)

Liese-Emily Louis Silla (Year 10)

Andrew Muga (Year 10)

Kennedy David (Year 11)

Alba Kalombo (Year 10)

Safraz Versi (Year 10)

These students have answered over 300 questions

Katalina Nalwada (Year 11)

Sophia Nyanda (Year 10)

Sabrina Kilumanga (Year 10)

Mia Yijian (Year 10)

Roshan Al-Beiti (Year 10)

Bronze award **Hayaam Nassor** **468 questions** (Year 10)

Silver award **Aisia Kirei** **509 questions** (Year 10)

Gold award **Shannen Kiiza** **1053 questions** (Year 10)

For years 7 to 11 there is a **FREE online maths competition called the German Math Olympiad**

It is all in English, there are two online rounds starting in November, then a final in Munich for the winners.

germanmath.org

the students can register themselves, they need to put the teacher ID as TZT1032

so that their results are linked to Braeburn

There is more information on the website as well as sample questions etc.

If you have any questions then please talk to Isabelle Mallya in year 8 who is a past competitor or Mr. Walton
