

CENTURY

The secondary students have been making excellent progress using Century tech. Students have been doing a lot of extra work at home completing short lessons on all their subjects. Many students have spent over ten hours this month on the platform. In total the secondary students have answered an incredible 43657 questions this month and have spent over 470 hours on the platform. Here are the ten students who have answered the most questions correctly in the month of September. Well done to all of them for their hard work. The number of questions answered correctly in just one month is truly amazing. Who will be on the leaderboard next month?
